11.2 Validity of information

Diffen.com is an online collaborative resource, that is, a voluntary association of individuals and groups working to develop a common resource of human knowledge. The structure of Diffen.com allows anyone with an Internet connection to alter its content. Please be advised that nothing found here has necessarily been reviewed by people with the expertise required to provide you with complete, accurate or reliable information.

That is not to say that you will not find valuable and accurate information on Diffen.com; much of the time you will. However, **Diffen cannot guarantee the validity of the information found here.** The content of any given article may recently have been changed, vandalized or altered by someone whose opinion does not correspond with the state of knowledge in the relevant fields.

No formal peer review

Diffen.com is not uniformly peer reviewed; while readers may correct errors or engage in casual peer review, they have no legal duty to do so and thus all information read here is without any implied warranty of fitness for any purpose or use whatsoever. Even articles that have been vetted by informal peer review may later have been edited inappropriately, just before you view them.

11.5 Diffen does not provide professional advice

If you need specific advice (for example, medical, legal, financial, or risk management) please seek a professional who is licensed or knowledgeable in that area.

a. Medical Disclaimer

DIFFEN DOES NOT GIVE MEDICAL ADVICE

Diffen.com contains articles on many medical topics. Diffen makes **no warranty whatsoever** that any of the articles on these topics are accurate. There is absolutely no assurance that any statement contained or cited in an article touching on medical matters is true, correct, precise, or up-to-date. The overwhelming majority of such articles are written, in part or in whole, by nonprofessionals. Even if a statement made about medicine is accurate, it may not apply to you or your symptoms.

The medical information provided on Diffen.com is, *at best*, general in nature and cannot serve as a substitute for the advice of a **medical professional** (for instance, a qualified doctor/physician, nurse, pharmacist/chemist, and so on). **Diffen is not a medical provider.**

None of the individual contributors, system operators, developers, and sponsors of Diffen, or anyone else connected to Diffen, takes or assumes any responsibility for the results or consequences of any attempt to use or adopt any of the information presented on this web site.

Nothing on Diffen.com should be construed as an attempt to offer or render a medical opinion or otherwise engage in the practice of medicine.

b. Legal Disclaimer

DIFFEN DOES NOT GIVE LEGAL OPINIONS

Diffen.com also contains articles on several legal topics. Diffen makes **no warranty whatsoever** concerning the accuracy of any of these articles. There is absolutely no assurance that any statement contained in an article touching on legal matters is true, correct or precise. Law varies from place to place and it evolves over time - sometimes quite quickly. Even if a statement made about the law is accurate, it may only be accurate in the jurisdiction of the person posting the information; as well, the law may have changed, been modified or overturned by subsequent development since the entry was made on Diffen.com.

The legal information provided on Diffen.com is, at best, of a general nature and cannot substitute for the advice of a **licensed professional** (i.e. by a competent authority with specialized knowledge who can apply it to the particular circumstances of your case). Please contact a local bar association, law society or similar association of jurists in your legal jurisdiction to obtain a referral to a competent legal professional if you do not have other means of contacting an attorney-at-law, lawyer, civil law notary, barrister or solicitor.

No individual contributors, system operators, developers, or sponsors of Diffen, or anyone else connected to Diffen takes or assumes any responsibility for the results or consequences of any attempt to use or adopt any of the information or disinformation presented on this website.

Nothing on Diffen.com should be construed as an attempt to offer or render a legal opinion or otherwise engage in the practice of law.

11.6 Content Disclaimer

DIFFEN CONTAINS SPOILERS AND CONTENT YOU MAY FIND OBJECTIONABLE

In its ambitious mission of documenting knowledge about differences between entities, Diffen.com contains articles on a vast array of topics. A relatively small fraction of these topics are frequently censored by educational, governmental, corporate, parental and other filtering schemes.

- Some Diffen articles discuss words or language that may be considered profane, vulgar or offensive by some readers.
- Diffen.com contains many different images, some of which are considered objectionable or offensive by some readers. For example, some articles contain graphical depictions of violence, or depictions of human anatomy.
- Many articles contain frank discussion of controversial topics. Some subjects that are discussed have criminal applications in some jurisdictions. Others contain information on dangerous or otherwise risky activities (see the General disclaimer and Risk disclaimer).
- Diffen.com contains spoilers (information that spoils the end of a book, movie, or TV series).
- Diffen.com may contain triggers for people with post-traumatic stress disorder.
- Diffen.com may contain images and videos which can trigger epileptic seizures and other medical conditions.
- Diffen's open platform permits contributions from the public. It therefore should be noted that at times, graffiti may be appear on Diffen.com.

Diffen's current policy is to include such content, provided the information does not breach any of our existing policies (especially Neutral point of view), or any of the laws of the United States and its political subdivisions, where Diffen is hosted. Some of these articles contain warnings, but many do not.

In all cases, Diffen.com is (and always will be) a work in progress. Many articles contain errors, bias, duplication, or simply need attention. We encourage readers to help us fix these problems. The great majority of articles are written primarily or solely by individuals who are not subject matter experts, and may lack academic or professional credentials in the area.

Diffen.com may also contain obscure information that would not be covered in a conventional resource such as an encyclopedia. Diffen's coverage of subjects may be based on the whims of its volunteer contributors (in particular, subjects of interest to young technical people are likely, but not certain, to receive heavier coverage than other subjects). Readers should not judge the

importance of topics based on their coverage in Diffen.com, nor assume that a topic is important merely because it is the subject of a Diffen article.

None of the authors, contributors, sponsors, administrators, vandals, or anyone else connected with Diffen, in any way whatsoever, can be responsible for your use of the information contained in or linked from these web pages.
